1 WEBSITE

To achieve the objective of disseminating and communicating information, a web page has been created for the project focused on informing the interested public of all the information related to it. The website will be accessible at the following address: <https://www.ruralization.eu/>

Consulta Europa Projects and Innovation S.L is the partner in charge of making modifications to the website.

The development of this web page has been made according to the visual identity of the project and its structure, as well as the information available in each section, will be detailed below:

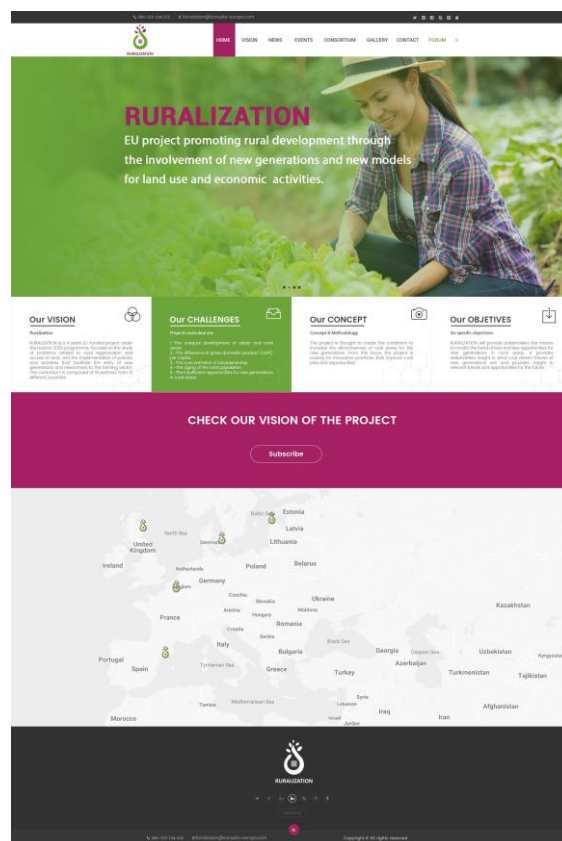

Figure 1. Home Section

1.1 Home

This view is the main tab that appears when you access the web. In it you can find a banner with the name and a brief description of the project.

Under this banner, there is a section with links to the main key points of the vision, through which you can directly access them.

A map of Europe is also included in which the locations of all project partners are marked with the RURALIZATION logo in green, and in magenta colour, there is the location of the project coordinator.

Both in the header and in the footer, we can access the links to the social networks of RURALIZATION, as well as the contact section. In this page is also including the privacy and cookies policy links.

1.2 Project

The project section is divided in two sections:

Vision

The vision of the project includes a short description of the project, the list of challenges that RURALIZATION must deal with, the concepts that conform with it. and the objectives that are intended to be achieved.

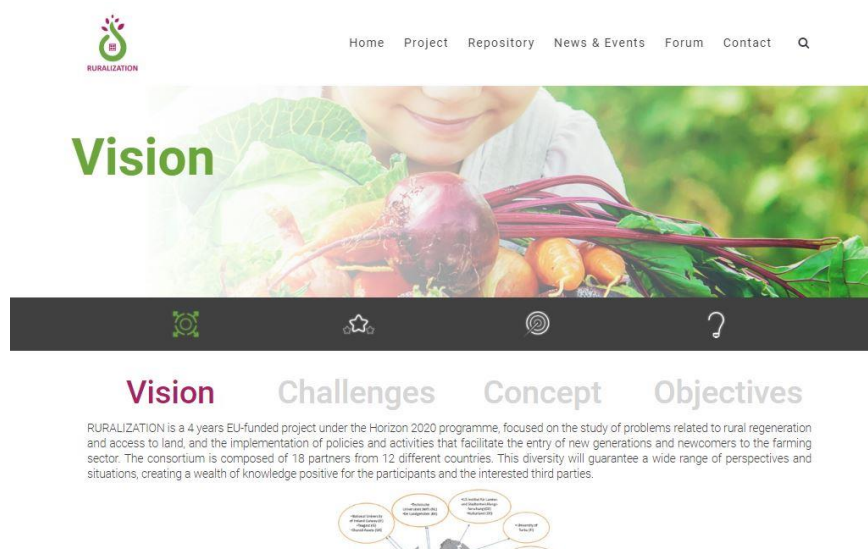

Figure 2.View of Project Vision

Consortium

On this page are the logotypes of the 18 project partners with the links of all of them from their respective websites.

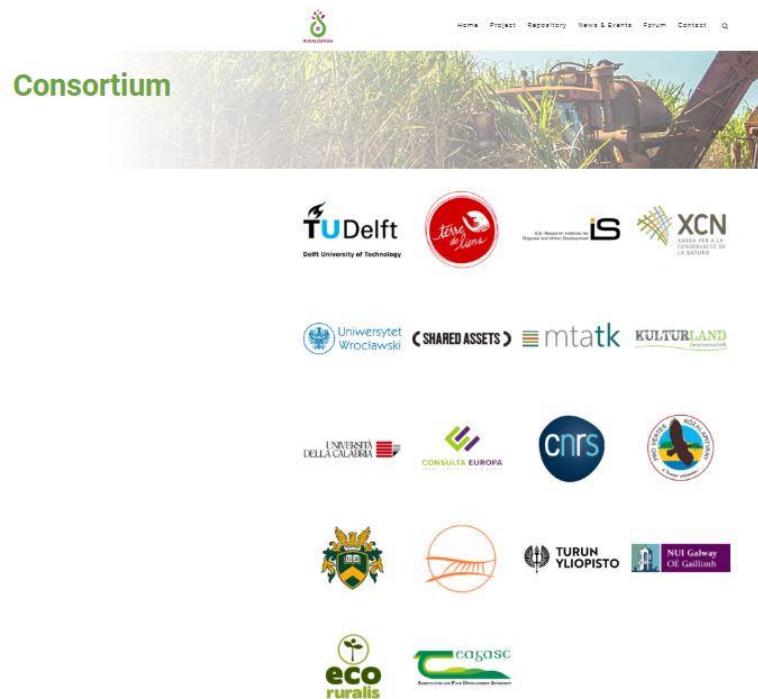

Figure 3. Consortium's Logos

1.3 Repository

The objective of this section is to provide the target groups with resources and information related to the project. It is divided into the following sections:

Gallery

The images of the events and conferences held throughout the project will be published here so that everyone has access to them.

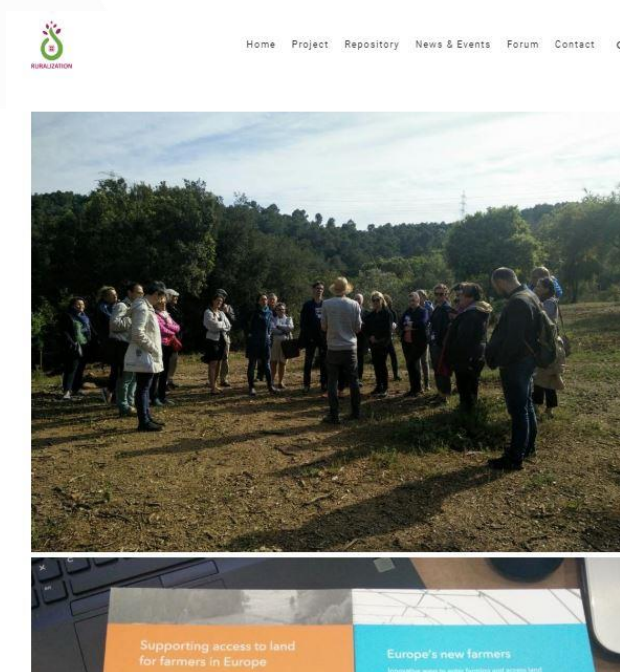

Figure 4. Gallery Section

Library

The documents on the results and the newsletters that will be produced will be posted in the library. Files such as brochures and other promotional materials will also be included.

Links

There are many European associations, projects and regulations related to RURALIZATION. The links to their web pages will be included in this section. There are

Eu Project

2 PLATFORM

2.1 Structure

The objective of the e-platform is to create a discussion forum in which the different project partners can create entries in which to share knowledge, practices and information about the case studies related to the RURALIZATION project. As previously mentioned, these messages in the forum may include images and documents to share with other users and thus create a communication and knowledge transfer network.

2.2 How to use it

In order to access the forum, a username and password will be required, which will be provided by the administrator of the platform, in this case, Consult Europe, and with these credentials the sections within the forum that may be required may be created. You can add keywords so that other partners and interested groups can search and access them easily.
