The opening of rural areas to renew rural generations, jobs and farms

The RURALIZATION consortium announced the project final conference last 20 April 2023 in Brussels. Hosted by the European Committee of the Regions, this onsite meeting with experts and stakeholders provided a space for presenting the main outputs of the project, considering all the lessons learned throughout the four years of the project. If you missed the conference, you may watch the streaming \bigcirc

Local Authorities Making Farmland Work for the Public Good

A new online handbook dedicated to local governments

The Access to Land Network is releasing a new handbook to provide guidance for officials and staff of local governments on how to make a difference in the way agricultural land is used and shared, for the benefit of people and the planet.

Create your personalised inspiration guide, only for rural changemakers!

Check our digital guide aimed at newcomers and new entrants into farming, where you can find examples of good practices from our case studies for inspiration, good practices and useful resources to start your rural journey!

Try out the Good Practice Guide generator!

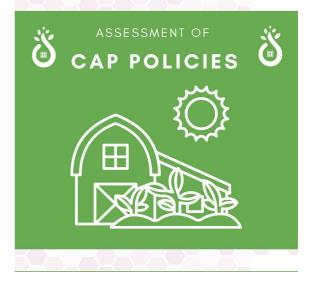

We are developing a policy agenda to change current regional situations to accommodate the fulfilment of rural dreams and support new rural generations in getting jobs and farms.

We will be sharing soon a series of leaflets with potential policies that have been developed based on 20 selected regions representing a wide variety of rural situations. Stay tuned!

What is the potential of the CAP policies to promote generational renewal in rural areas?

This is exactly what we are trying to find out. Our project partners are assessing the proposed interventions in the CAP strategic plans from 11 member states based on their ability to promote generational renewal. The outcomes and the feedback collected will be shared in upcoming RURALIZATION's events, so don't miss them!
